

# Has your Parent experienced Incarceration and/or Substance Use?

*If YES, Contact the UMBC Community Reentry Lab*

**Family Reunification Study:** The purpose is to understand the experiences of college students who have had a parent(s) with substance use issues and/or incarceration experiences. This understanding could lead to more campus and community resources for families impacted by substance use and the criminal legal system.

**Participants must have one or more of the following:**

- A parent who has been (or is currently) incarcerated
- A parent who has had (or currently has) a substance use problem (i.e. drugs/alcohol).

**Participants will be asked to:** complete a one-time in-person interview and survey. The entire session will last about 75-90 minutes.

**Participants who complete this study will receive compensation of \$20 CASH!**

*Principal Investigator: Bronwyn A. Hunter, [bhunter@umbc.edu](mailto:bhunter@umbc.edu), (410)-455-8161*
