HOW TO CHOOSE THE RIGHT GRADUATE PROGRAM FOR YOU

Congratulations, you've been accepted to multiple graduate programs! Now how do you pick which program is best for you? Join us for a panel of UMBC alumni who are currently in graduate programs to hear their perspectives on how they chose the best graduate program for them. They will discuss the key factors that influenced their decision and be available to answer your questions!

PANEL GUESTS

Bethel Beyene
UMBC
Chemistry &
Biochemistry PhD
Student

Kevin Gibbons
MIT
Biology PhD
Student

Praise Lasekan
UMBC
Current
Undergraduate
Student

Caroline Moore
Johns Hopkins
Cell, Molecular,
Developments &
Biophysics PhD Student
