

# Planning to pursue a graduate degree in a STEM (Science, Technology, Engineering and Mathematics) field?

Sponsored by the  
College of Natural and  
Mathematical Sciences  
and the  
Department of  
Chemistry and Biochemistry

## Large Group Session

September 12, 2014

Meyerhoff Building, Room 120

11:30 am, light lunch

12:00 pm – 1:00 pm

## Small Group Sessions

limited to 5 participants each

September 12, 2014

Meyerhoff Building, Room 241

9:00 am – 9:45 am

10:00 am – 10:45 am

3:00 pm – 3:45 pm

4:00 pm – 4:45 pm

Learn tips for successful applications to the NSF Graduate Research Fellowship Program from a former Program Director.

Students, Faculty, and Staff, are invited to attend.

## RSVP Online

Space is limited

## Sheryl Ann Tucker, Ph.D.

Associate Provost for Graduate

Education, Oklahoma State University

Former Director, NSF Graduate Research Fellowship Program

The NSF Graduate Research Fellowship Program (GRFP) helps ensure the vitality of the human resource base of science

and engineering in the United States and reinforces its diversity. The program recognizes and supports outstanding graduate students in NSF-supported science, technology, engineering, and mathematics disciplines who are pursuing research-based master's and doctoral degrees at accredited United States institutions. Information about the program can be found at [www.nsfgrfp.org](http://www.nsfgrfp.org)
