@SpaceAppsBW

 **JOHNS HOPKINS**
APPLIED PHYSICS LABORATORY

**Solving the problems of tomorrow requires
scientists, designers, engineers, artists,
educators, entrepreneurs, and developers.**

**Join us for a weekend of fun at the
International Space Apps Challenge
hosted by the Johns Hopkins University
Applied Physics Laboratory**

- **Develop innovative solutions to space-related challenges**
- **Meet NASA-program engineers and network with local space enthusiasts**
- **Compete globally against other teams**
