CSEE

Students, Faculty, and Staff

are cordially invited to attend the Alumni Keynote Speaker event at Undergraduate Research and Creative Achievement Day (URCAD). Dr. Randi Williams ('16 B.S., Computer Engineering/Ph.D., '24, MIT) is a Program Manager at the Algorithmic Justice League. Her work addresses key issues in AI education, inclusivity, and human-computer interaction.

Wednesday, April 16, 2025
12:00-1:00pm
312 University Center, UMBC Campus

URCAD features research, scholarship, and creative work carried out by UMBC undergraduates. Student work will be shared through oral presentations, posters, artistic exhibits, performances, and film. Over 300 presenters participate annually in this campus-wide celebration of student excellence. You are welcome to attend more presentations throughout the day. See URCAD.umbc.edu for the full schedule of events.
