### **English in Europe: Its Status in Society and Education**

There's a stereotype that everyone in Europe speaks English. Is it true? Get the inside story! International scholars in UMBC's Teaching English to Speakers of Other Languages (TESOL) graduate program from France and Germany explore how English is taught and used in their contexts

### **What if your career could be exploring new cultures and meeting interesting people? It can be. Find out how!**

Do you enjoy learning about new cultures? Do you like meeting people from different countries and linguistic backgrounds? Find out how this could be part of your job every day in the field of Teaching English to Speakers of Other Languages (TESOL). Whether you love to travel the world or would like to stay local, learn about career possibilities for you. All majors welcome, undergraduate and graduate. No prior experience with language or linguistics is required.
