Favorite thing about riding: I love interacting with the horses the most. On the ground or riding, it is so fun to learn their quirks and habits and make a connection with them. They really want to take care of you when you're riding and the bond we can make with them is something amazing.

Why you are excited to be on the team? I love the team! We don't need to win to have fun. We are always having a good time at shows and always support each other 100%.

Anything interesting you want to share? This will be my final year competing with IHSA. I am so sad to go, but so excited to see what this year has in store!
