Experience:

I have ridden English since I was 4. I've done jumping classes at fairs. I've shown Hunt Seat for 2 colleges (Potomac State of WVU and WVU). I've also barrel raced for 3 years and came in second for the year for my college.

Favorite thing about riding:

I like the bond and connection you make with the horse. You have to trust the horse and the horse has to trust you. It's a partnership where you have to give and take equally to be able to get anywhere.

Why you are excited to be on the team?

I like friendship you make with the people on the team, it's a great support group to have.

Anything interesting you want to share?

I've helped without reach programs in West Virginia to help kids learn to ride. I've done stuff with reproduction of horses.
