While there's nothing you need to do now, we encourage all employees to log in to **USM Retirement@Work®** and review your contribution amounts and vendor selections to ensure they reflect your choices for your retirement planning.

You can also meet with a financial advisor to ensure you're contributing enough to your plan to meet your retirement goals. Contact your provider directly to schedule a session.

WHAT'S NOT CHANGING

While you'll have access to all of your USM supplemental retirement investments in one location, these things will not change:

- Your current vendor account access through Fidelity and TIAA
- Your current plan elections and deduction amounts
- Your current investment choices
- Your current beneficiary designations

Please note that access to the State of Maryland's supplemental retirement plan accounts will still occur through the MSRPS Nationwide portal.
