

3rd Annual Health & Inequality Lecture
*offered by the Department of Sociology, Anthropology,
and Health Administration & Policy*

Monday, April 9th 4:30 - 5:30 p.m.
UMBC AOK Library Gallery

*Learning to Address
Inequalities in a
Global Health Context*

Despite global efforts to develop & promote health for mothers and babies, too many continue to die in rates that reveal significant inequalities across & within nations. Dr. Agarwal will report on the work she directs in 27 countries to address inequities and increase coverage and utilization of high-quality reproductive, maternal, newborn, and child health interventions.

Koki Agarwal, PhD

Director

Maternal and Child Survival Program

Vice President

Jhpiego DC Operations
